

Arjun Dev Sharma

arjundev@example.com | linkedin.com/in/arjundev | github.com/arjundevcodes | Hyderabad, India

Career Objective

Creative Frontend Developer specializing in HTML, CSS, and JavaScript with strong expertise in building responsive and interactive web applications. Passionate about modern UI design, performance optimization, and delivering seamless user experiences. Familiar with version control, deployment workflows, and frontend best practices.

Education

VNR Vignana Jyothi Institute of Engineering and Technology

B.Tech in Information Technology | GPA: 8.7 / 10

2022 – 2026 | Hyderabad, Telangana

Technical Skills

Languages:	HTML5, CSS3, JavaScript (ES6+)
Frontend:	Responsive Design, Flexbox, Grid, DOM Manipulation, Animations
Tools & Platforms:	Git, GitHub, VS Code, Netlify, Vercel, Chrome DevTools
Design:	Figma, UI/UX Principles, Wireframing

Projects

Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website showcasing projects and technical skills.
- Implemented smooth scrolling, animated sections, and interactive UI elements using vanilla JavaScript.
- Optimized performance and accessibility for mobile and desktop devices.

Weather Forecast App | HTML, CSS, JavaScript

- Built a weather application integrating third-party APIs to display live weather data and forecasts.
- Implemented dynamic DOM rendering and responsive card layouts for better user interaction.
- Handled API requests, loading states, and error management using asynchronous JavaScript.

Task Management Dashboard | HTML, CSS, JavaScript

- Created an interactive task management interface with drag-and-drop style task organization.
- Used Local Storage to persist user tasks and maintain session data without backend integration.
- Developed clean UI components with reusable CSS styling and modular JavaScript structure.

Achievements

- Winner – Frontend Design Challenge conducted during TechFest 2025.
- Completed multiple frontend projects with responsive and accessible UI design principles.

Extracurricular Activities

- Participated in inter-college web development hackathons and UI/UX workshops.
- Contributed to open-source frontend projects and collaborated with peers on GitHub.
